Hobby Horse  
Silk "N" Sable**

Sable is a proven producer & a great mom. Add Sable & her 6x Champion Peruvian Lancaster cria at side to your program.

Sable is the fine black offspring of 2003 Herdsire of the Year Snowmass Casanova & multi-blue ribbon winner, Majesty's Jewel. With Bueno as her fraternal grandsire & Peruvian Macusani as her maternal great grandsire, she will continue to throw high quality colored offspring.

Sable is a dark beauty with a sweet disposition & lovely head. She has solid conformation & a perfect bite. Her fleece demonstrates good density & handle in black. Sable will enhance any breeding program & especially one focused on black & grey.

Sable was shown only once taking a 2nd place in a large class at the NAAS. The judge commented on the nice character of her fleece, density, & soft handle. Sable lost to the ultimate Black Color Champion who had won 9 banners prior to the NAAS!

She is offered rebred to our 6x Champ Lancaster for another cria & show winning cria!

Sable's male cria out of 6x Champ Peruvian Lancaster. Born 6/13/09 at 19 lbs and gaining .5+ lb per day. Strong & straight, future looks bright for him. Buyer gets to name the cria upon purchase. Pictured above.
